Use Electric Water Warmers For Greater Poultry Profits

Poultrymen are using electric water warmers during winter weather because egg production increases when the drinking water supply is kept at a normal temperature. Laying birds will consume 20% more water when it is kept at the proper temperature, and, as a result, lay more eggs.

An automatic electric water warmer installed in laying houses will keep the drinking water at 40 to 50 degrees regardless of outside temperature. They cost but \$3.00, and can be operated for two or three pennies a day.

GREETINGS

Let each one of us try as the year of 1941 begins, to make our Grange a better Grange than last year. All we need to do to do this is for each one to do his part and a little bit more.

Those whose names are not in the program will be called upon at some future time, to help out.

If for any reason you are unable to take the part assigned to you, it will help the committee if you will give them ample notice of your inability to take your part.

At this time we are unable to print a complete program but numbers will be added to make each meeting worth while.

GRANGE CODE

I will be in my place on time.

I will pay my dues promptly.

I will endeavor to attend grange meetings more regularly.

I will learn to state my motions in the fewest words possible.

I will refrain from criticism.

I will speak to the "stranger within our gates."

I will refrain from talking during musical selections, the same as I would during an address.

I will avoid making motions in the negative.

I will be charitable. Each member has a right to promote measures in which he is interested and to defend those he disapproves.

I will vote to uphold my opinion, but when a vote is registered, I will submit graciously to the will of the majority.

I will always speak a good word for my grange and an encouraging word to the Master and Lecturer.

I will try to make the grange a better organization from my being a member.

IF MOTHERS ONLY KNEW

Thousands of Children Suffer from Round Worms, and their Mothers do not always know what the trouble is.

Signs of Round Worms are: Constipation, deranged stomach, swollen upper lip, offensive breath, hard and full stomach with pains, pale face, eyes heavy, short dry cough, grinding of the teeth, etc.

Mrs. E. W. Stevens, 31 Kenberma Road, Dorchester, Mass., wrote, "My little girl's freedom from children's disease, colds, constipation, etc., I attribute in a large measure to the use of Dr. True's Elixir."

OUR DECLARATION OF PRINCIPLES

We believe that in essentials there should be unity, in non-essentials liberty, and in all things charity.

We affirm that "An honest man is the noblest work of God."

We scorn not to receive instructions from the humblest object that offers us its lesson.

We believe that a man's life consisteth not in the abundance of things he possesseth, but in the right use of God's blessings.

The highest object of our Order is to develop a better and higher manhood and womanhood among ourselves.

United by the strong and faithful tie of Agriculture, we mutually resolve to labor for the good of our Order, our Country, and Mankind.
